INTELLIGENT VENDING MACHINE

COMPANY PROFILE

Wider Matrix (GZ) Technology Co., Ltd. has many years of industry experience in the Panyu Amusement Equipment Industry and product R&D.

We have been developing automatic vending machines since the year 2016, and we made the first full-auto cotton candy machine in 2019. Due to the impact of Covid 19, we decided to reduce the scale of production, and mainly into making OEM orders.

We also started to operate our machine in the domestic market, so as to test and upgrade both software and hardware. We have been optimizing our product for years, fixing problems that may come to you when operating, and finally, we think it's stable enough to go oversea now in 2022.

At present, our machine has supported remote viewing and control, realizing the function of unattended.

It has the advantages of simple operation and convenient maintenance, and it can bring considerable profits once it is put into various places.

We are now looking for distributors in different markets.

PRODUCT INTRODUCTION

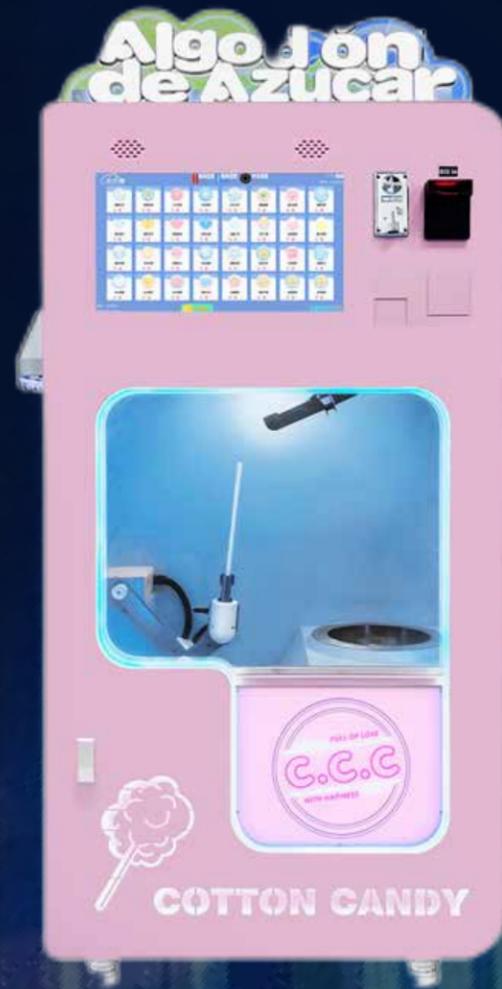

CT580

NEW UPGRAD: WM980

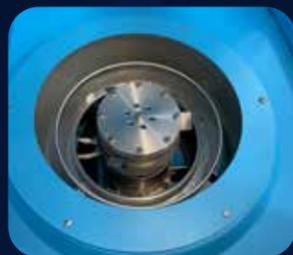

MG301

Model number	CT580
Dimensions	153cm*185cm*81cm
Power	500W when Standby, 2500W when processing
Gross weight	400KG
Net weight	320KG
Supported Payment System	Coin/Cash/Credit Card/NFC
Sugar Consumption	28~30g
Candy Design Patterns	32 designs and updating

Burner

Automatic cleaning process, longer service life

Robotic Arm

High accuracy, 4 DOF robotic arm

Non-stick Shaping Knife

Shaping 32 different candy patterns and easy to clean

South Korea Foot Master Wheel

High capacity, easy to move and fix on the floor

Advertising Display Screen

HD touch screen, Android system

Model number	WM980
Dimensions	132cm*195cm*67cm
Power	500W when Standby, 2500W when processing
Gross weight	380KG
Net weight	300KG
Method of payment	Coin/Cash/Credit Card/NFC
Sugar Consumption	28~30g
Candy Design Patterns	32 designs and updating
